Grapevine Garden Club Volunteer Opportunities

Our Grapevine Garden Club was established in 1932 with just a few interested gardeners. In 2016, we now have over 200 members, and we're all still interested in gardening and learning the newest techniques of maintaining our own gardens. We have many VOLUNTEER OPPORTUNITIES and you will be asked to complete your area of interests to determine our future programs, workshops, and tours.

Below are a few activities in which our club participates that might be of interest to you. However, there are many more opportunities found in our yearbook under *Committee Job Descriptions*.

Plant Sale/Ways and Means: Join the committee that digs for plants, research websites for plant data and make individual signs, help prepare flyers for distribution, help with the set-up, sales assistance, cashier and/or clean-up.

West Texas Street Project: Provide gardening assistance and beautification for a low income housing project.

Trips and Tours: Assist the chairman by coordinating interesting tours, either within the Metroplex or out-of-town trips.

Redbud Tree Project for 3rd Grade GCISD: Assist chairman by distributing Redbud seedlings to students.

Holiday and Spring Luncheons: Assist chairmen by arranging table decorations, sending invitations, and coordinating set-up and clean-up.

Grapevine Botanical Gardens Docents: Become a docent for visiting groups to the garden – training will be provided.

Butterfly-Flutterby: Help coordinate children's craft activities and games for our annual festival, and art contest with GCISD.

Flowercade: Participate in the annual flower show at FW Botanic Garden by helping members prepare plant specimens and flower design entries for judging.

Website: Prepare updates for the website and other electronic communication venues.

Our club's goal is to have every member participating in their project of interest and expertise. Please complete the attached survey. Email the survey to: membership@grapevinegardenclub.org,
